# PSASLib-Link 2018

vol 1(1)

Supports  
from your  
library and  
Springer Nature

**SPRINGER NATURE**

# EDITORIAL NOTE

Welcome to the first issue of PSASLib-Link newsletter. Across the width and breadth of the country, we're all working hard to support our colleagues to embed high quality support for the development of library and librarian services through conversation, connection and collaboration. In view of these objectives, PSASLib-Link was founded in 2018 as a collaboration effort among Perpustakaan Sultan Abdul Samad (PSAS), Universiti Putra Malaysia and Springer Nature.

PSASLib-Link encompassing all areas of library services and facilities, library collection, material search guide, information resources whether it is printed, digital or other medium. We will publish all types of articles/studies including work on the borders of library, librarianship services and strategy, while strengthening our expertise in traditional library services fields, as well as articles about researchers / research at UPM or other locations and relevant information or current issues to support learning, teaching and research.

We would like to take this opportunity to thank editorial board members for their ongoing commitment to the standards to which the newsletter aspires.

This issue includes coverage on "3 Minutes Thesis", a joint venture event among Universiti Putra Malaysia and Springer Nature. Our spotlight feature of this issue has been the "KOHA System @ Perpustakaan Sultan Abdul Samad, Universiti Putra Malaysia", a new PSAS library catalog system.

We look forward to work with all of you as we continue to make PSASLib-Link a success. We welcome your submissions, as well as feedback as authors and readers of the newsletter.

I hope you find this issue of the newsletter useful, informative and enjoyable.

Kind regards,  
Salmah Abdullah  
Chief Editor

## Editorial Committee

### Chief Editor

Mdm. Salmah Abdullah (UPM Library)  
Mabel Tang (Springer Nature)

### Editors

Mdm. Azizah Zainal Abidin (UPM Library)  
Dr. Zubaidah Ibrahlim (UPM Library)

### Author

## GUIDE TO CONTRIBUTORS

### Information About the Newsletter

PSASLib-Link is published twice a year by Perpustakaan Sultan Abdul Samad, Universiti Putra Malaysia and Springer Nature. The newsletter invites contributions from librarians, information scientists, educators, administrators, publishers, and other interested persons. Published online in June and December at <http://psas.upm.edu.my/psaspubv2/index.php/psas-lib-link/>.

### Types of Contributions

The newsletter publishes articles in all discipline of library and information science including library services and facilities, library collection, material

search guide, information resources whether it is printed, digital or other medium. We will publish all types of articles/studies including work on the borders of library, librarianship services and strategy, while strengthening our expertise in traditional library services fields, as well as articles about researchers / research at UPM or other locations and relevant information or current issues to support learning, teaching and research.

### Format

Manuscripts should be written in English language.  
Length: 200 - 1000 words.

Page layout: A4 size.  
 Margin: 1 inch on all sides.  
 Font type: Calibri 11 pt.

The first page of the manuscript should contain the following information:  
 Title of article, Name(s) and affiliation of author(s), Complete address, including telephone and fax numbers, and e-mail address.  
 The second page of the manuscript is the content of the manuscript.  
 Author(s) are encouraged to submit manuscripts using Microsoft Word.

**Accuracy of Material**

Author(s) is responsible for the accuracy of all data, statements and references.

**Copyright**

Manuscripts submitted to the newsletter have not be published, accepted for publications nor simultaneously submitted for publication elsewhere. By submitting a manuscript, the author(s) agree that copyright for the article is transferred to the publisher, if and when the manuscript is accepted for

publication.

**Tables, Figures and Illustrations**

Tables, figures and illustrations should be provided within the text.

**Correspondence**

All manuscripts, requests for further information and other correspondence should be sent to:

Chief Editor,  
 PSASLib-Link  
 Perpustakaan Sultan Abdul Samad  
 Universiti Putra Malaysia  
 43400 UPM Serdang, Selangor, Malaysia  
 Tel: +603-89468648 / +603-89466947  
 Fax: +603-89483745  
 E-mail: psaslib-link@upm.edu.my

# UPM 3MT FINAL COMPETITION 2018

## 3 Minute Thesis

In 3 Minute Thesis (3MT), postgrad students present their projects to non-specialists and educated amateurs – like the Springer Nature judges who were appointed to join the panel of 3MT judges (see Table 1). UPM was one of the first Malaysian Universities that participated in the National and International competition.

In 2017, a Ph.D. Student from UPM won in the Malaysia 3MT. Why don't you try to defend your thesis in only 3 minutes and become the first proud UPM winner?

The winner of UPM 3MT final competition 2018

- People choice's** – Mohd Hanafee Zin  
**1<sup>st</sup> winner:** Samaila Musa Chiroma  
**2<sup>nd</sup> winner:** Clement Wong Kiing Fook  
**3<sup>rd</sup> winner:** Yasmin Mustapha Kamil

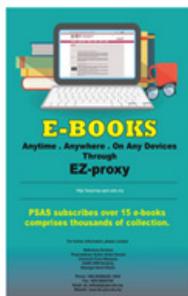

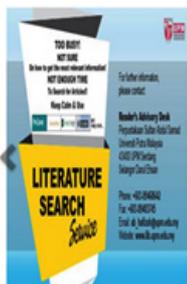

**Table 1: Panel of 2018 UPM 3MT judges**

Name of Judges	Organization
Emeritus Professor Dato Dr. Sheikh Omar Abdul Rahman	Universiti Putra Malaysia
Datin Dr. Mardziah Hayati Abdullah	Universiti Putra Malaysia
Dr. Azlan Shah Hussain	PETRONAS research
Dr. Christoph Baumann	Springer Nature
Mr. Ally Iskandar Mohd Mardzi	Primeworks Studios

# KOHA SYSTEM @ PERPUSTAKAAN SULTAN ABDUL SAMAD, UNIVERSITI PUTRA MALAYSIA

By Shaifol Yazam Mat  
Deputy Chief Librarian,  
Head, Systems and Information Technology Division,  
Perpustakaan Sultan Abdul Samad, Universiti Putra Malaysia  
[sym@upm.edu.my](mailto:sym@upm.edu.my)

Perpustakaan Sultan Abdul Samad (PSAS), Universiti Putra Malaysia (UPM) has taken the initiative to replace the existing library management system to KOHA system which is known as the first open-source Integrated Library System and was developed according to the library standards and protocols such as MARC 21, UNIMARC, Z39.50, SRU/SW, SIP2, SIP/NCIP.

The system was officially implemented on November 2016 at the Main Library of the Perpustakaan Sultan Abdul Samad and all its branch libraries including Bintulu Campus Library which is located in Sarawak, *East of Malaysia*. A working committee which comprises of Librarians from the Library and IT personnel from the InfoComm Development Centre (IDEC), UPM was formed to carry out the task and to make sure that all technical and operational issues are addressed appropriately. The committee was responsible to ensure that the system was successfully implemented within the time frame. Among the issues and challenges faced during the implementation processes are:

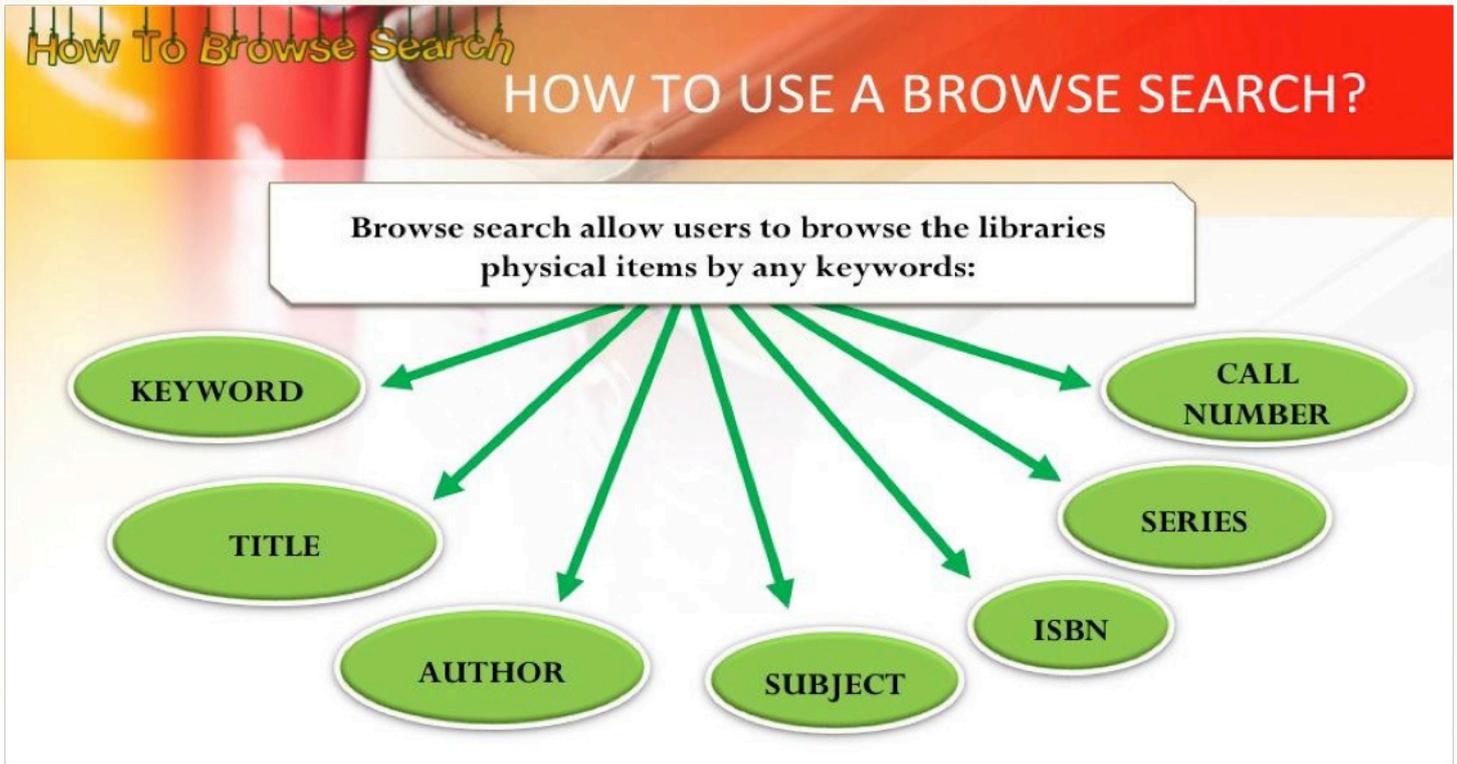

- To make sure that all data have successfully been migrated
- To integrate KOHA system with other systems used by the library
- To customize the system according to the needs of the library

Apart from the issues and challenges faced during the implementation processes other factors that the Library take into consideration in using KOHA system are:

- The ability of the system to be fully functional, flexible and cost-effective.
- As a cost-saving measures (financial and equipment).
- Lower maintenance and license costs.
- Web-based platform.
- In-house expertise and technical support.
- Easy to integrate with other systems and applications.

# How to use WebOPAC: browse search

By: Suzila Mohamad Kasim  
 Senior Librarian  
 Research and Information Services Division  
 Perpustakaan Sultan Abdul Samad, Universiti Putra Malaysia  
 suzila@upm.edu.my

**How To Browse Search**

## HOW TO USE A BROWSE SEARCH?

Let's try the following:

**Introductory forest science / editors, Jegatheswaran Ratnasingam, Lai Food See, Faridah Hanum Ibrahim.**

1. Type the search term in the **Browse box** e.g. "Introductory forest science"
2. Select **Search Type** e.g. Keyword
3. Select **Location** e.g. All Libraries
4. Click **Go**

The screenshot shows the UPM Library Catalog interface with the following elements:

- 1:** Search box containing the text "introductory forest science".
- 2:** Search Type dropdown menu with "Keyword" selected.
- 3:** Location dropdown menu with "All libraries" selected.
- 4:** "Go" button.

Below the search area, the page displays "WELCOME TO PERPUSTAKAAN SULTAN ABDUL SAMAD - ONLINE PUBLIC ACCESS CATALOGUE" and a "NEW BOOK SHOWCASE 2017" featuring various book covers.

# How To Browse Search

## HOW TO USE A BROWSE SEARCH?

5. Click on the exact title of the book

**NOTE**

- Your search returned 5 results
- You can refine your search results by Availability, Authors, Item Locations, Topics
- You can sort your search results by Relevance, Popularity, Author, Call Number, Dates or Title

# How To Browse Search

## HOW TO USE A BROWSE SEARCH?

**INFORMATION DETAILS OF THE BOOK**

- Current Location:** determine which library this book is located
- Call Number:** number used to locate books on the shelf
- Status:** indicate either the book is available or on loan, etc.

Current location	Call number	Status	Date due	Barcode	Item holds
Perpustakaan Sultan Abdul Samad (Main Library) Malaysiana Agri Collection	S2235 W361 (Browse shelf)	Available		1000755870	
Perpustakaan Sultan Abdul Samad (Main Library) Malaysiana Agri Collection	S2235 W361 (Browse shelf)	Available		1000772443

# Something you may not know...

## “Book Drop”

The 'Book Drop' situated near the library entrance can be used to return books when the library is closed. A receipt will be issued as proof that the book has been returned.

## Photocopying and printing facility

The Library provides photocopying and printing facility (black/white and colour) at the Corporate and Staff Training Division, Ground Level, A Block (cash payment)

## Online renewal

Online renewal will not be succeeded if:

- Done too early. Item can only be renewed one day before the due date
- The material has been reserved by other users
- The loan period has expired
- Users have fines and charges
- Renewal over 2 times

## 'Self-Check Machine'

The 'Self-Check Machine' is to facilitate borrowing and renewal by users themselves without having to queue at the Circulation Counter.
