Subject Guide

Your Starting Point for Research and Study

Please scan the QR Code
to visit the website

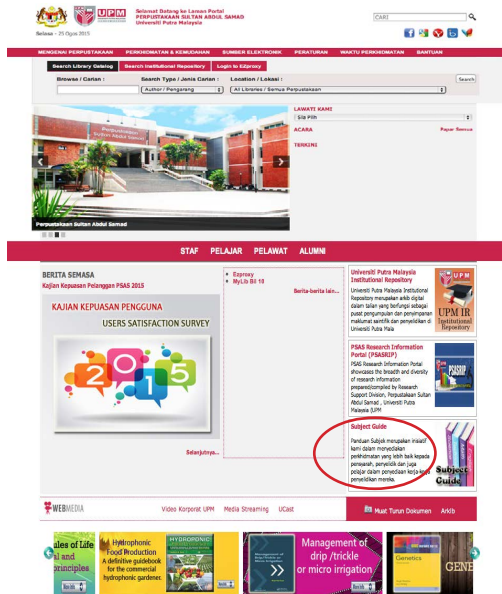

Subject Guide is our initiative in providing better services for lectures, researchers and students in preparing their research works. It also provides tips and guides as well as constant source of information.

A subject guide is a quick way to obtain authoritative and reliable information about a subject. It is a starting point to help users in finding information they are looking for. Besides, helping users successfully navigate the library resources. They can also save their time to identify some of the major and specialized sources for their research area.

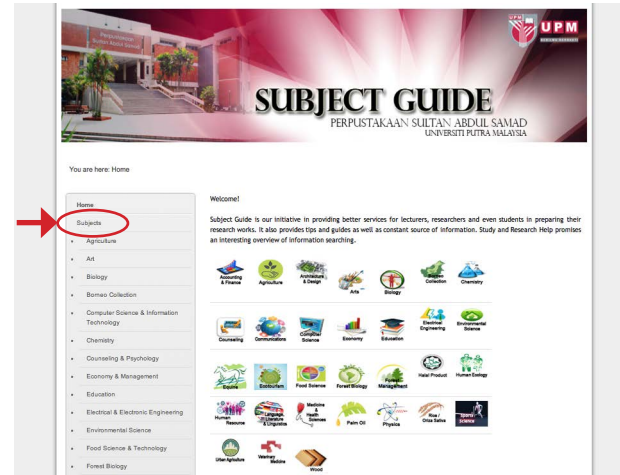

List of subjects:

- Accounting & Finance
- Agriculture
- Architecture & Design
